E-Census Introduced For Population, Housing Census 2010

二零一零年五月二十四日 晚上六时二分

KUALA LUMPUR, May 24 (Bernama) -- In line with the country's flourishing information technology and communications development, the public will now be able to complete the Population and Housing Census 2010, through an online census questionnaire, e-Census.

Census commissioner Datuk Wan Ramlah Wan Abdul Raof said this could be done at www.statistics.gov.my using a given ID and password.

She said the e-Census was one of two new data collection methods which would make things easier for busy urban residents.

"Another way is through the drop-off and pick up of Census Kits that respondents can fill up, before census enumerators pick," she told Bernama here today.
