Multi-Stakeholder Forum on Science, Technology and Innovation for the Sustainable Development Goals (STI Forum)

sdgs.un.org/stiforum2022

STI FORUM
7th ANNUAL: 5-6 MAY 2022

TECHNOLOGY

United Nations
Department of Economic and Social Affairs

This forum was held under the theme "Science, technology and innovation for building back better from the coronavirus disease (COVID-19) while advancing the full implementation of the 2030 Agenda for Sustainable Development". The STI Forum is an opportunity for governments and multiple stakeholders to exchange new ideas, recommendations and priorities for the upcoming work of Economic and Social Council (ECOSOC) and the High-level Political Forum (HLPF) with a focus on the role and contributions of science, technology and innovation.

STI Forum Side Event-Digitalization to Achieve the SDGs: promoting more effective and coherent UN support through mapping and country level initiatives

STI FORUM SIDE EVENT Digitalization to Achieve the SDGs

Promoting effective & coherent UN support through mapping & country level initiatives

Welcome! Please:

- connect your audio
- mute your microphone when not speaking
- use chat boxes or raise your virtual hand during Q&A session

United Nations
Department of Economic and Social Affairs

United Nations
Office of the Secretary-General's Envoy on Technology

Aim to raise stakeholder awareness on how digital technologies can boost the process to achieve SDGs and the significance of coordination to implement the Roadmap for Digital Cooperation. The event also explores how digitalization can help facilitate the achievement of socio-economic and environmental, sustainable development, with a specific focus on country-level needs.
