## Training of Trainers (ToT) Workshop Greening Malaysia: Cooperative Cares for a Million Trees

Cooperative Cares for a Million Trees is an initiative of ANGKASA, to involve the cooperative movement throughout the country as a commitment to achieve one of the Sustainable Development Goals (SDG) 2030 which is 'Climate Action'. This effort is a support to Malaysian Greening Program through the 100 Million Tree-Planting Campaign (2021-2025). ANGKASA works closely with its strategic partners, namely the Institute of Climate Change, Universiti Kebangsaan Malaysia (UKM) and Yayasan Hijau Malaysia in order to make the campaign a success.

Regional Consultations on Western Asia

The Global Sustainable Development Report (GSDR) Arab Regional Consultation Objectives aims to identify case studies that would breathe life into the report and give shape to the concrete policy recommendations that the Member States are expecting. At the regional consultation in Doha, the independent group of scientists (IGS) was collecting examples of good practices in the areas of achieving energy decarbonisation with universal access to energy; securing the global environmental commons; and human well-being and capabilities.

31 January 2023

UNHQ, Conference Room 5

ECOSOC PARTNERSHIP FORUM

Addressing the challenges of climate-induced human mobility in SIDS through effective partnerships, in a context of recovery from COVID-19

This event featured presentations of various challenges faced and efforts advanced by the SIDS governments, CSO and local communities, as well as UN agencies in the Pacific and the Caribbean. It also shared an update on the progress achieved in the development of regional frameworks and cooperation efforts on climate mobility.
