SDG Bergen 2023 Conference

The all-digital annual SDG Bergen Conference has taken place between 9 and 10 February 2023 under the theme 'A just transformation to a sustainable future'. The conference continued to address challenges to the Agenda 2030 and the theme was divided into six sessions:

- Session 1: What do we mean when we talk about a 'sustainable future'?
- Session 2: Living well within limits: Is green growth an oxymoron?
- Session 3: A safe and just space for all species
- Session 4: The key role of business in securing a just transition
- Session 5: The how of just transformation
- Session 6: Lessons learned for a just transformation?

The theme of the conference was "A just transformation to a sustainable future", which fits perfectly with the global scope of the conference: More than 1700 participants from 117 countries had signed up for the all-digital event.
