MEDIA STATEMENT

MY LOCAL STATS INTERACTIVE VISUALISATION

My Local Stats displays 316 national indicators, 238 state indicators and 101 administrative district indicators through interactive visuals

PUTRAJAYA, 12th January 2024 – Today, the Department of Statistics Malaysia (DOSM) uploaded My Local Stats 2022 data on the platform **My Local Stats interactive visualisation**, on DOSM's portal and DOSM's mobile apps. This interactive visualisation contains key socio-economic statistics at state and administrative district levels from 2019 until 2022 based on the publication of My Local Stats 2022 which was published on 27th November 2023. This interactive visualisation also displays time series statistics for selected indicators starting 2015.

According to the Chief Statistician Malaysia, Dato' Sri Dr. Mohd Uzir Mahidin, "My Local Stats interactive visualisation facilitates local socioeconomic data search using a user-friendly platform as well as provides a new dimension to access statistics visually. The data visualisation is also seen to be able to attract more users in appreciating the insights of statistics as well as making it easier for users to obtain various data on the same platform".

Interactive visualisation comprises 16 areas containing economic and social indicators covering 316 national indicators, 238 state indicators and 101 administrative district indicators. Among the indicators available in both web and mobile apps up to the state and administrative district levels are population by sex and ethnic; size of land area; the number of existing stock of residential units, the number of completed residential units, the number of incoming supply of residential units and the number of planned supply of residential units; principal statistics of labour force; number of government hospitals and clinics; medically certified principal causes

of death and the number of head of poor households. Meanwhile, among the indicators available at the state level is the number of medical staffs; exports and imports value by exit and entry points and Gross Domestic Product (GDP).

Dato' Sri Dr. Mohd Uzir Mahidin said, "Interactive visualisation My Local Stats 2022 features an additional 14 new indicators at DOSM portal and mobile apps. Among the indicators are placements at MYFutureJobs by occupation, number of entrepreneurs and sales revenue under DESAMALL programme, consumption of ICT services in public library by type, number of domestic and international visitors at the Craft Complex and number of Local e-Commerce Service Programme (PeDAS)."

Chief Statistician Malaysia further elaborated, "The availability of statistics up to a more detailed level is an important basis in formulating and implementing policies for the purpose of national development and the interests of the people. It will benefit the community as a whole as well as more efficient resource planning and management by decision-makers at the district and local government levels".
