PENUNJUK EKONOMI MALAYSIA INDEKS PELOPOR, SERENTAK & SUSULAN JUN 2024

**Ekonomi Malaysia dijangka terus berkembang pada bulan-bulan akan datang,
dengan Indeks Pelopor mencatatkan 3.5 peratus pada Jun 2024**

PUTRAJAYA, 23 OGOS 2024 – Pada hari ini, Jabatan Perangkaan Malaysia menerbitkan **Penunjuk Ekonomi Malaysia: Indeks Pelopor, Serentak & Susulan bagi Jun 2024**. Indeks Pelopor (IP) ialah alat yang digunakan untuk meramalkan arah aliran ekonomi secara purata empat hingga enam bulan ke hadapan.

Ketua Perangkawan Malaysia, Dato' Sri Dr. Mohd Uzir Mahidin menyatakan, "Indeks Pelopor meneruskan pertumbuhan positifnya dengan mencatatkan 3.5 peratus, mencapai 113.4 mata pada Jun 2024 berbanding 109.6 mata pada bulan yang sama tahun sebelumnya (**Paparan I**). Indeks Perusahaan Bursa Malaysia mempamerkan prestasi kukuh dengan 42.2 peratus, meletakkannya sebagai penyumbang utama kepada peningkatan ini. Walau bagaimanapun, prestasi bulanan IP menurun marginal kepada 0.7 peratus disebabkan oleh penurunan dalam lima daripada tujuh komponen kecuali Indeks Perusahaan Bursa Malaysia (0.4%) dan Penawaran Wang Benar, M1 (0.2%)".

Melihat kepada arah aliran jangka panjang terlicin pada Jun 2024, IP kekal berada di atas trend 100.0 mata (**Paparan II**). Trajektori positif ini menggambarkan pertumbuhan ekonomi Malaysia yang mampan dan berdaya tahan. Memandangkan Malaysia

adalah ekonomi berpacuan pengguna, pelaksanaan inisiatif pelarasan gaji dijangka akan merangsang perbelanjaan domestik.

Berhubung prestasi ekonomi semasa, Indeks Serentak (IS) mengekalkan pertumbuhan positifnya sejak September 2021 dengan 2.6 peratus, mencapai 126.4 mata pada Jun 2024. Nilai Caruman Benar, KWSP (8.5%) merupakan pemacu utama kepada kenaikan ini, diikuti oleh peningkatan 6.4 peratus dalam Indeks Kuantiti Perdagangan Runcit. Selari dengan itu, prestasi bulanan IS menunjukkan corak yang sama, meningkat 0.2 peratus disumbangkan oleh kesemua komponen kecuali Kapasiti Penggunaan dalam Pembuatan (-0.3%).

MALAYSIAN ECONOMIC INDICATORS LEADING, COINCIDENT & LAGGING INDEXES JUNE 2024

Malaysia's economy is anticipated to continue expanding in the upcoming months, with the Leading Index registering 3.5 per cent in June 2024

PUTRAJAYA, AUGUST 23, 2024 – Today, the Department of Statistics Malaysia released the **Malaysian Economic Indicators: Leading, Coincident & Lagging Indexes for June 2024**. The Leading Index (LI) is a tool utilised for predicting economic trends for an average of four to six months ahead.

Chief Statistician Malaysia, Dato' Sri Dr. Mohd Uzir Mahidin mentioned, "The Leading Index continued its positive growth by registering 3.5 per cent, reaching 113.4 points in June 2024 as compared to 109.6 points in the same month of the previous year **(Exhibit I)**. The Bursa Malaysia Industrial Index demonstrated robust performance with 42.2 per cent, positioning it as the primary contributor to the increase. However, the monthly performance of the LI decreased marginally by 0.7 per cent due to declines in five out of the seven components except for the Bursa Malaysia Industrial Index (0.4%) and Real Money Supply, M1 (0.2%)".

Looking at the smoothed long-term trend in June 2024, the LI remained above 100.0 points **(Exhibit II)**. This positive trajectory reflects Malaysia's sustainable and

resilient economic growth. As Malaysia is a consumer driven economy, an implementation of salary revision initiative is poised to boost domestic spending.

Regarding the current economic performance, the Coincident Index (CI) maintained its positive growth since September 2021 with 2.6 per cent, achieving 126.4 points in June 2024. The Real Contributions, EPF (8.5%) was the main driver to this increase, followed by 6.4 per cent rise in the Volume Index of Retail Trade. Correspondingly, the monthly performance of CI showed a similar pattern, increasing 0.2 per cent contributed by all components except for Capacity Utilization in Manufacturing (-0.3%).

The Department of Statistics Malaysia (DOSM) has launched OpenDOSM NextGen as a medium that provides data catalogue and visualisations to facilitate users' analysis and can be accessed through <https://open.dosm.gov.my>.

DOSM is conducting the Agriculture Census 2024. Please visit <https://www.myagricensus.gov.my/> for more information. The theme is "Agriculture Census, Key to Agricultural Development".
