Melangkah Kehadapan

Berdasarkan Banci Pertanian 2024, DOSM turut membangunkan Gerbang Digital Statistik Pertanian (TaniStats 2.0) yang telah dirasmikan oleh Ketua Setiausaha Negara, Tan Sri Shamsul Azri Abu Bakar, pada 7 Disember 2025. Inisiatif ini merupakan satu langkah strategik dalam transformasi pengurusan data pertanian negara melalui pembangunan sebuah platform pintar bersepadu yang menggabungkan hasil banci, data pentadbiran dan maklumat rantaian bekalan ke dalam satu ekosistem digital bersepadu.

Pelaksanaan Banci Pertanian di Negeri Sarawak merupakan satu usaha penting dalam memperkukuh asas data bagi pembangunan sektor pertanian yang lebih mampan dan berdaya saing. Kerjasama dan komitmen semua pihak, khususnya para petani, penternak serta pengusaha pertanian dalam memberikan maklumat yang tepat dan lengkap amatlah dihargai bagi memastikan parameter yang dihasilkan berkualiti tinggi. Diharapkan dapatan daripada banci ini akan menjadi rujukan penting kepada kerajaan, agensi berkaitan serta pihak berkepentingan dalam merangka dasar, strategi dan program pembangunan pertanian yang lebih efektif demi kesejahteraan rakyat serta kemakmuran ekonomi Negeri Sarawak dan negara secara keseluruhannya.

Banci Pertanian akan dilaksanakan sekali pada setiap 10 tahun bagi memastikan data adalah relevan dan menggambarkan struktur sektor pertanian negara.

Jabatan Perangkaan Malaysia (DOSM) sedang melaksanakan **Banci Ekonomi 2026 (BE2026)** dengan tema **"Data Nadi Ekonomi Rakyat"**. Pelaksanaan Banci Ekonomi kali keenam ini berlangsung dari **5 Januari hingga 31 November 2026**. BE2026 bertujuan untuk mengumpul data yang menyeluruh dan berstruktur daripada semua pertubuhan perniagaan berdaftar dan tidak berdaftar di Malaysia, bagi menilai prestasi, struktur serta ciri-ciri ekonomi negara secara komprehensif dan berasaskan bukti.

Malaysia buat julung kalinya telah menduduki **tangga pertama (1)** di peringkat global dalam laporan dwi-tahunan **Open Data Inventory (ODIN) 2024/25** yang dikeluarkan oleh Open Data Watch (ODW), mengatasi 197 negara lain. Pencapaian ini merupakan lonjakan ketara daripada kedudukan ke-67 dalam penilaian ODIN 2022/23.

OpenDOSM NextGen adalah medium yang menyediakan katalog data dan visualisasi bagi memudahkan pengguna menganalisis pelbagai data dan boleh diakses melalui portal https://open.dosm.gov.my.

TaniStats 2.0 merupakan hab utama maklumat pertanian bersepadu yang menyediakan paparan statistik berinformatif, berstruktur dan mesra pengguna bagi memperkukuh pemahaman awam terhadap corak dan perubahan sektor pertanian, sekaligus menyokong inisiatif transformasi digital ke arah dasar yang lebih inklusif dan berasaskan bukti. Moving Forward

Based on the Agriculture Census 2024, DOSM has also developed the Agricultural Statistics Digital Gateway (TaniStats 2.0) which was officiated by the Chief Secretary to the Government, Tan Sri Shamsul Azri Abu Bakar, on 7 December 2025. This initiative represents a strategic step in transforming the nation's agricultural data management through the development of an integrated smart platform that consolidates census results, administrative data and supply chain information into a comprehensive digital ecosystem.

The implementation of the Agriculture Census in Sarawak is an important effort to strengthen the data foundation for the development of a more sustainable and competitive agricultural sector. The cooperation and commitment of all parties, especially farmers, livestock breeders and agricultural entrepreneurs, in providing accurate and complete information are greatly appreciated to ensure that the resulting parameters are of high quality. It is hoped that the findings from this census will serve as an important reference for the government, relevant agencies and stakeholders in formulating more effective agricultural policies, strategies and development programmes for the well-being of the people and the prosperity of Sarawak's economy and the nation as a whole.

The Agriculture Census is conducted once every ten years to ensure that the data remains relevant and reflective of the structure of the national agriculture sector.

The Department of Statistics Malaysia (DOSM) is conducting the **Economic Census 2026 (BE2026)**, with themed **"*Data Nadi Ekonomi Rakyat*"**. The sixth Economic Census will be carried out from **5th January to 31st November 2026**. BE2026 aims to collect comprehensive and structured data from all registered and unregistered business establishments in Malaysia to assess the nation's economic performance, structure and characteristics in an evidence-based manner.

Malaysia has, for the first time, successfully secured the **top position** globally in the biennial **Open Data Inventory (ODIN) 2024/25** report released by Open Data Watch (ODW), surpassing 197 other countries. This achievement marks a significant leap from its 67th position in the ODIN 2022/23 assessment.

OpenDOSM NextGen is a medium that provides data catalogue and visualisations to facilitate users' analysis and can be accessed through https://open.dosm.gov.my.

TaniStats 2.0 is a centralised agricultural information hub that provides informative, structured and user-friendly statistical dashboards to strengthen public understanding of patterns and changes in the agriculture sector, thus supporting digital transformation initiatives towards more inclusive and evidence-based policies.
