Nota:
 1. Negeri dan daerah pentadbiran merujuk kepada lokasi tempat aktiviti pertanian.
 2. Jumlah guna tenaga keseluruhan merujuk kepada bilangan individu yang terlibat dalam aktiviti pertanian. Walau bagaimanapun, jumlah ini bukan merupakan hasil tambah bagi semua aktiviti pertanian, kerana seorang individu boleh terlibat dalam lebih daripada satu jenis aktiviti secara serentak.

Notes:
 1. State and administrative district indicate the locations of agricultural activities.
 2. Total employment refers to the number of individuals involved in agricultural activities. However, this number is not the sum of all agricultural activities, as an individual can be involved in more than one type of activity simultaneously.
