MEDIA STATEMENT

Gross Fixed Capital Formation rose by 9.6 per cent to record RM386.4 billion in 2025

PUTRAJAYA, 28TH JULY 2026 – The Department of Statistics, Malaysia (DOSM) released the statistics on **Gross Fixed Capital Formation (GFCF) for 2025**. Malaysia's GFCF amounted to RM386.4 billion at constant prices in 2025 (2024: RM352.6 billion). Malaysia's GFCF performance in 2025 was supported by sustained investment momentum and resilient economic activity.

In today's statement, DOSM reported that GFCF rose by **9.6 per cent**, following an expansion of **12.1 per cent** in 2024. The performance was supported by growth in almost all economic activities except for the Mining & quarrying.

The GFCF in Services activity registering a double-digit growth of 11.3 per cent (2024: 13.8%) mainly contributed by the Finance, insurance, real estate and business services (9.6%) and Transportation & storage and information & communication (13.7%). In the meantime, the Manufacturing activity moderated to 8.8 per cent (2024: 11.8%) which led by Electrical, electronic & optical products and transport equipment sub-activity (9.7%) and followed by Petroleum, chemical, rubber and plastic products activity (9.1%).

For the Agriculture activity, the GFCF rose by 3.5 per cent in 2025 (2024: 3.3%) supported by higher investment in Livestock & fishing and Other agriculture while the Construction grew by 4.2 per cent (2024: 4.6%). Meanwhile, the GFCF in Mining & quarrying activity contracted by 1.7 per cent as compared to a growth of 2.9 per cent in preceding year.

In terms of GFCF by type of assets, Structure continued to be the largest contributor with a composition of 52.3 per cent (2024: 51.6%), which grew by 11.1 per cent in 2025 (2024:15.5%). In addition, ICT equipment and other machinery & equipment sustained the double-digit growth of 12.2 per cent (2024: 14.6%), followed by Intellectual property (3.2%).

The Private sector continued to be the main contributor with a share of 77.3 per cent in 2025 (2024: 77.4%) while the Public sector accounted for 22.7 per cent (2024: 22.6%). Both sectors posted increases in 2025 with a growth of 9.4 per cent (2024: 12.4%) and 10.3 per cent (2024: 11.1%), respectively. The Services and Manufacturing activities were the main contributors to the GFCF for both Private and Public sectors. The share of Services in Private sector was 66.7 per cent (2024: 65.7%), while Manufacturing share at 22.5 per cent (2024: 22.6%). The remaining activities made-up for 10.8 per cent of the total Private GFCF. On the same note, Services in the Public sector recorded a share of 80.6 per cent, followed by the Manufacturing (9.5%) and Mining & quarrying (9.1%) activities.

The Department of Statistics Malaysia (DOSM) is conducting the **Economic Census 2026 (BE2026)**, themed **"*Data Nadi Ekonomi Rakyat*"**. The sixth Economic Census, running from **5th January to 31st October 2026**. BE2026 aims to collect comprehensive, structured data from all registered and unregistered business establishments in Malaysia to assess the nation's economic performance, structure and characteristics in an evidence-based manner.
