EMPLOYMENT STATISTICS, SECOND QUARTER 2022

Jobs by economic activity

4.476 million jobs were concentrated in Services sector

Concepts & Definitions

Jobs
Total labour which comprised of filled jobs & vacancies.

Filled Jobs
Paid employees (full-time & part-time); and thus exclude individual proprietors and business partners, unpaid family workers & employees on unpaid leave.

Vacancies
Unfilled jobs which are ready to be filled. Employers are actively seeking candidates including advertising vacancies, issuing notices and registering with employment agencies as well as conducting interviews to select candidates to fill in the vacancies.

Jobs Created
Jobs created in an organisation which were not previously available, including newly created service schemes, jobs created for the promotion of existing employees and increase in the number of jobs from the existing structure.

Notes: The sum may differ from the total due to independent rounding
