MALAYSIAN ECONOMIC STATISTICS REVIEW (MESR), VOLUME 5/2026

Malaysia Maintains Its Growth Trajectory with Sectoral Momentum and Labour Market Hold Steady

The Malaysian Economic Statistics Review (MESR) Volume 5/2026 edition focuses on the recent statistics released in March 2026 and some forthcoming statistics for April 2026. It also includes a special article titled **“Services Sector as the Driver of Malaysia’s Economic Growth in the Thirteenth Malaysia Plan”**. The article examines how the Services sector remains as the main pillar of Malaysia’s economic growth. Under the Thirteenth Malaysia Plan (13MP), the sector is expected to become the key driver of the country’s economic transformation through digitalisation, technological innovation, higher productivity and a greater value-added economy.

This MESR will assist users in obtaining the latest detailed information on economic performance.

The full publication of the MESR Volume 5/2026 can be downloaded through [eStatistik](#) portal.
