MALAYSIAN ECONOMIC STATISTICS REVIEW (MESR), VOLUME 1/2023

Improving labor market and encouraging external demand reflect Malaysia's economic capability to face global challenges

MESR Volume 1/2023 focuses on the economic scenario for November with some highlights on the forthcoming statistics for December 2022. This edition features an article entitled "**Malaysia's Trade in Services Trends: Pre and Post COVID-19**", which studies the trends in services trade from 2016 to 2021, broken down by major services components and region. The article also presents Malaysia's exports and [imports of services](#) with its maritime neighbour, Singapore.

This MESR will assist users to have the latest information on the economic performance in detail.
