Malaysian Economic Statistics Review (MESR) Volume 3/2025 edition focuses on the recent statistics released in January 2025 and some forthcoming statistics for February 2025. On top of that, this edition features an additional article titled "Trend Analysis of Exports on Current Account: The Case of Malaysia" which deliberates on how Malaysia's current account exports influence trade and income, particularly primary income, and explores opportunities for growth through strategic investments in skills, R&D, and service sector support.

This MESR will assist users in having the latest information on economic performance in detail.

The full publication of the MESR Volume 3/2025 can be downloaded through eStatistik portal.
