Artificial Intelligence (AI) and the Job Loss Dilemma

MODERATOR

Dr Ida Rosnita Ismail
Senior Lecturer,
Graduate School of Business,
Universiti Kebangsaan Malaysia

Dr. Ida Rosnita Ismail is a senior lecturer at the Graduate School of Business, Universiti Kebangsaan Malaysia, and an International Guest Researcher at the Institute for Human Resource Management and Organization at Technische Universität Hamburg-Harburg. She holds a Bachelor of Laws (LLB Hons.) from the University of Wales Aberystwyth, United Kingdom, and an MBA from Universiti Utara Malaysia. Additionally, she earned both a Master of Laws (LLM) and a Doctor of Business Administration (DBA) from Universiti Kebangsaan Malaysia. Her key research interests focus on workplace misbehaviour, positive work behaviour, human resource issues, and training and development.

PANELLIST 1

Mr. Azirruan Arifin is the Head of the Employment Insurance System (EIS) at PERKESO. He graduated with a Bachelor's degree in Accounting from Universiti Teknologi MARA in 1999.
