

Goal 7 - Ensure access to affordable, reliable, sustainable and modern energy for all

Goal/ Targets/ Indicators	Status of Indicators	UNSC 51 st sessions	Sources	
Target 7.1: By 2030, ensure universal access to affordable, reliable and modern energy services				
7.1.1	Proportion of population with access to electricity	Available	Remain	Household Income and Basic Amenities Survey, DOSM
7.1.2	Proportion of population with primary reliance on clean fuels and technology	Partially Available, Need Further Development	Remain	i. Energy Commission ii. Ministry of Science, Technology and Innovation
Target 7.2: By 2030, increase substantially the share of renewable energy in the global energy mix				
7.2.1	Renewable energy share in the total final energy consumption	Available	Remain	Energy Commission
Target 7.3: By 2030, double the global rate of improvement in energy efficiency				
7.3.1	Energy intensity measured in terms of primary energy and GDP	Available	Remain	Energy Commission
Target 7.a: By 2030, enhance international cooperation to facilitate access to clean energy research and technology, including renewable energy, energy efficiency and advanced and cleaner fossil-fuel technology, and promote investment in energy infrastructure and clean energy technology				
7.a.1	International financial flows to developing countries in support of clean energy research and development and renewable energy production, including in hybrid systems	Not Available	Remain	i. Energy Commission ii. Ministry of Science, Technology and Innovation
Target 7.b: By 2030, expand infrastructure and upgrade technology for supplying modern and sustainable energy services for all in developing countries, in particular least developed countries, small island developing States and landlocked developing countries, in accordance with their respective programmes of				
7.b.1	Installed renewable energy-generating capacity in developing countries (in watts per capita)	Partially Available, Need Further Development	Replacement	i. Energy Commission ii. Ministry of Science, Technology and Innovation
