

DOSM receives Cuepacs' Federal Caring Employer Award

PUTRAJAYA, May 1 -- The Department of Statistics Malaysia (DOSM) today received the 2021 Cuepacs Federal Caring Employer Award (Anugerah Majikan Prihatin Persekutuan) in conjunction with the 2021 Workers Day today.

DOSM, in a statement today, said the award was handed by Congress of Unions of Employees in the Public and Civil Services (Cuepacs) president Adnan Mat to Chief Statistician Datuk Seri Mohd Uzir Mahidin at the Workers' Day celebration held virtually.

DOSM said the award was an appreciation and a shot in the arm to the personnel of the department to continue to be dedicated and to persevere in carrying out their duties despite facing various challenges, including the COVID-19 pandemic, to deliver quality statistics services to all.

"The staff of DOSM always gives a high commitment on performing its duty in the office and in the field despite the current risky situation," it said.

DOSM said this included carrying out the Population and Housing Census 2020 (Census 2020), which ends on June 30, via face-to-face meeting with compliance of the standard operating procedures (SOP).

"The DOSM management also goes down to the ground as a sign of its concern and support for the efforts implemented by its personnel," it said.

In keeping with the vision of DOSM as a 'Leader of Statistical Services for Universal Well-being', as outlined in the 2021-2025 Department Strategic Plan (PSJ), DOSM said it required a high spirit of togetherness among its staff to ensure efforts to spur statistics of integrity and professional services for cultivating evidence-based decisions could be realised.
